thermal baths

The Thermal Baths of Viterbo

Indulge in the rejuvenating experience of Viterbo's natural sulfur springs, famous since the days of Dante, who celebrated their therapeutic qualities in his **Divina Commedia**. These springs offer a true oasis of wellness and relaxation. You can choose from various options, including the free facilities of Bullicame and Piscine Carletti, or treat yourself to the

luxury of private spas such as Terme dei Papi, Salus Terme, Tuscia Terme, and Therma Oasi. Since 2023, Viterbo has proudly joined the ranks of the European Historic Thermal Towns Association (EHTTA), further solidifying its reputation as a premier destination for thermal relaxation.
